Quantitative assessment of DNA damage in the industrial ethanol production strain *Saccharomyces cerevisiae* PE-2

Paulo César Silva, Lucília Domingues, Tony Collins, Rui Oliveira and Björn Johansson

The Yeast Dominant DEL assay

Results

- PE dDEL (dDEL frequency)
- PE dDEL (Viability)
- ▲ RS112 (DEL frequency)
- △ RS112 (Viability)

Acknowledgments

Professors Björn Johansson, Rui Oliveira, Lucília Domingues, and Tony Collins

Dr. Robert Schiestl
